POWER REGULATION.
TOBACCO BUSINESS.
LAMBS NEAR READY.

SENATOR COUZENS has introduced a bill to regulate production, transmission and distribution of all classes of power in interstate commerce. He would let government supervise rates and securities issued by holding companies.

Some say the people should have no control of power and its distribution, although power in national life comes next to food, water and air.

The people at least might supervise sales of securities. One company issued more than 60,000,000 shares of stock based on odds and ends of power companies. Foolish investors bought the pieces of paper at a price exceeding \$1,500,000,000 for the whole collection.

ALL DOCTORS AND PARENTS will be interested in news of a "meningitis carrier," a 19-year-old youth, William Fehiker, in the reformatory for boys at Booneville, Mo.

Five superintendents and inmates with whom he came in contact died of meningitis, showing how easily the deadly disease may be contracted.

One industry marches on to higher and higher figures. In the cigarette business, prosperity reigns. Everybody always has money to buy cigarettes.

When employment is lacking there is leisure to smoke more cigarettes, and all feel that they must have them, job or no job.

LAST YEAR'S PRODUCTION was 119 billion cigarettes, almost a thousand cigarettes per year for every man, woman and child in the United States.

ONE THING MOST IMPORTANT to all business men in connection with the cigarette industry is cigarette taxes. Cigarette taxes are the most aggressive, energetic and continuous advertisers in the nation.

Money is cheap. Wall Street was correspondingly cheerful. For money to build a house, you had to pay six and sometimes eight per cent.

To speculate in stocks you could borrow money for three and a half per cent.

On soft green fields in the country side and on the hard sidewalks of Wall street, a new crop of lambs will soon be skipping. Spring lamb for restaurants, spring lambs for bears.

GERMANY CONTINUES airplane development, the government interesting itself in flying, in spite of restrictions created by the Versailles treaty.

Captain Boykow produces an "automatic pilot," enabling the human pilot to leave his seat for half an hour at a time. In foggy or stormy weather when regular air traffic is stopped the automatic pilot drives its plane in a straight line, or in curves, as desired, with great accuracy.

Late Flashes Of News

COLUMBUS, Mar. 17.—For the first time in history of Ohio penitentiary a man has been sentenced to die in the electric chair on Easter Sunday. Lee Akers, alias James Fillmore, 38, Cleveland negro, is under sentence to die Sunday, April 20, for the murder Dec. 21, 1928, of Franklin McCormick, 61, Cleveland filling station attendant.

NEWARK, O., Mar. 17.—Willard King, 48, manager of the Rock Haven plant of the Producers Tobacco Co., was killed instantly today when eight quarts of nitroglycerine exploded in a magazine. He was alone at the time of the accident.

LONDON, Mar. 17.—Secretary of State Simon today enlisted the assistance of Ambassador Davies in dealing with the French situation at the naval conference.

INTERLAKEN, N. J., March 17.—Samuel Barron, wealthy business man, who was kidnapped last week, returned to his home here today.

ELYRIA, March 17.—With the end of a gas-filled garden hose stuck in his mouth, August Washka, 36, former Lorain workman, was found dead in a chicken brooder house at the rear of his home here today. The garden hose was attached to a gas line nearby the brooder house.

YOUNGSTOWN, March 17.—Joe Knirk, 32, committed suicide today by hanging himself from a rafter in a barn. Ill health and unemployment were blamed by police for the man's act.

Salem firemen were called to extinguish a grass fire on North Lincoln ave. this afternoon.

(By The Associated Press)

NEW CASTLE, Pa., Mar. 17.—Testimony that Irene Shrader confessed killing Corp. Brady Paul, was given here today at the first degree murder trial of Mrs. Shrader.

The confession was related by Mattie Jackson, who shared a cell in Phoenix, Ariz., with Mrs. Shrader, shortly after the "blond gunman" had been captured with Glenn Dague in a mountain range near Phoenix.

Mrs. Jackson was in jail on a narcotic charge, of which she later was acquitted.

When she asked Irene what she was in for, the blonde replied "plenty." Mrs. Jackson testified. She quoted Irene as saying she was afraid of going back to Pennsylvania because she would "get the hot seat" there for killing a policeman. She also told of robbing a store in Pennsylvania, of being in a gun fight in St. Louis and of kidnapping a deputy in Arizona, the witness said.

Mrs. Jackson quoted Mrs. Shrader as describing the shooting of the Pennsylvania policeman as follows: "He told us to get out, and Dague (Mrs. Shrader's companion) got out and reached for his wallet to show his auto card. I climbed over Donna, who was between Dague and me, and put a gun on the copper. I told him to stop back. He might have shot Glenn if I hadn't done something. I fired two shots and I know I hit him, for he grabbed his side. "I ran around the car and picked

SAM WILLAMAN TO SPEAK HERE

Football Coach Will Be
At High School On
Tuesday Morning

Sam S. Willaman, head football coach at Ohio State university, formerly of Salem, will speak at a special student assembly at the high school auditorium at 8:30 a. m. Tuesday.

Willaman will speak in behalf of the band concert which will be given by the Ohio State university band here Thursday afternoon and evening. Arrangements for his appearance as speaker at the school were completed this afternoon.

Members of the Kiwanis club in charge of arrangement of plans for the concert will meet in a special business session at the Farmers' bank at 7:15 tonight. Final plans for the concert will be made.

Members of the club will accompany Willaman to the high school tomorrow morning.

The club plans to interest all alumni of the state university in the appearance of the band here and expects to attract more than 1,000 school pupils to the afternoon concert and approximately 750 adults to the evening entertainment.

ATTACKING SHIPS WIN MIMIC NAVY EMBROGLIO

QUANTANAMO BAY, CUBA, Mar. 17.—The American navy needs more cruisers, and it is unlikely that bombing planes would be able to sink battle-ships, Admiral L. M. Nulton told International News Service in an exclusive interview today.

Admiral Nulton discussed the practical lessons evolved from the mimic battle several days ago between the "blue" and "black" fleets for the supremacy of the Caribbean sea and the trade routes to the Panama Canal.

"There's an imperative necessity for more cruisers for the purpose of scouting and exploring directions for the purpose of obtaining information of the enemy," the admiral said.

"More cruisers would enable the fleet to drive off enemy scouts and would afford additional protection through the

Cyclist Wins Race With Police Car

CHICAGO, March 17.—A bicycle, a compliment, and perhaps a jail term are awaiting the young Negro described by Hyde Park police as the "all-time all-American champion bicyclist of the south side."

The bicycle is the one he discarded at 41st st. and Cottage Grove ave., last night when he took to his heels and disappeared.

The compliment is for the miraculous speed he and his bicycle attained when pursued for more than a mile by Detective William Taterka in an automobile. The compliment is waiting despite the act that the youth was paced by several bullets from the detective's gun.

The jail term impends if he cannot successfully explain his loitering with two other negroes near an automobile and his suspicious actions when Detective Taterka appeared.

GANGLAND HAS TOLL AS CRIME WAR CONTINUES

Two Found Dead; Torture
Occurred; 800 More In
Jails of City

(By The Associated Press)
CHICAGO, March 17.—The slaying of a woman election judge and a new version of gangland's "ride" today added fresh crimson blotches to Chicago's crime record.

Scarcely half a block from her home, the body of Mrs. Ida M. Doyle, 61-year-old Republican election judge, was found in an alley, the skull crushed.

Her bruised hands and torn clothing bespoke her futile struggle against robbery and death. A purse, containing a few dollars and the check she had received several hours before for her registration day work, was missing. A gold band wedding ring, torn from her finger, was found nearby.

Body Found In River
Several hours later, the body of John (The Billiken) Rito, gangster and racketeer, was found floating in the north branch of the Chicago river.

Wrapped in a blanket and trussed up with wire—a prayer book and a rosary in a coat pocket and the hands mockingly folded as in prayer—Rito's body showed traces of torture, stabbing and a beating. A wire loop had slipped its mooring on the river bottom and a corner's physician said he had been in the river about two weeks.

There were two bullet wounds in Rito's head and a steel-cased bullet was lodged in the temple.

Until recently, "The Billiken" was chauffeur and body guard for Ted Newberry, north side ally of George (Bugs) Moran, bitter foe of "Scarface Al" Capone.

Newberry fled to Toronto, Canada. (Continued on Page 3)

screening of the main body of the battle fleet.

"When our cruisers, in this theoretical battle, were sent to attack and a carrier of the enemy fleet was left with only three submarines and two torpedo boat destroyers as our outlying pickets. This situation left the main body of our "blue" fleet without any source of information."

The admiral declined to discuss whether such lack of cruisers was why the "black" enemy fleet was able to penetrate the "blue" fleet and technically put out of commission the \$45,000,000 airplane carrier Saratoga and the smaller carrier Langley after the mimic battle began. As a result the "blue" fleet found itself at the mercy of the airplanes of the enemy which sent planes from the aircraft carrier Lexington in calm waters while the Saratoga and Langley were riding choppy seas.

(By The Associated Press)

PARIS, March 17.—The hand which ruled Spain firmly for nearly seven years today was still in death.

Garbed in the sack cloth and sandals of a Carmelite monk the body of Don Miguel Primo De Rivera Y Orbaneja was in an unpretentious suite of a modest Latin quarter hotel.

Tonight his body will be taken back to Madrid, where in life Captain General Primo De Rivera was dictator of Spain. The end came in exile in Paris, the same city of exiles to which during his seven years of power he doomed many of his fellow citizens.

Sunday morning the two young daughters of General Primo De Rivera, Carmen and Pilar, stopped in their father's room on their way to mass to ask after his health. He had not been well for a few days. He kissed them and said: "Go attend mass. I feel much better and am going to dress, but be sure not to return too late."

Found Father Dead

An hour later the girls returned and found him lying dead. One hand was stretched toward an electric button which would have summoned his valet. His broken reading glasses lay beside him. He was 60 years old.

Senorita Carmen called her brother, Miguel, who is here recuperating from wounds received in a

SALEM FIREMEN BATTLE SMOKE

Property Owner Overcome
Before Department
Arrives at Fire

Joel Cobbs, Ellsworth rd., was overcome by smoke while attempting to extinguish flames which caused damage estimated at \$300 to his residence, located near the city corporation limits, northwest of here, about midnight Saturday.

The fire originated in a wooden partition between the basement and dining room of the home. Cobbs' engine to the house, the fire department to control the blaze with water, but was overcome by smoke and staggered to the kitchen of the house from where he was assisted outdoors by his wife.

His condition was not serious and he is almost entirely recovered today.

Salem firemen extinguished the fire after battling flames and smoke with chemicals and smoke helmets for 45 minutes. Two fire trucks made the run and a total of 83 gallons of chemicals were used before the blaze was fully under control. Fire Chief V. L. Malloy reported this morning.

The fire is believed to have started from an over-heated heater pipe extending from the basement to other sections of the residence. It had gained much headway on arrival of firemen but the latter were successful in efforts to keep it from spreading to other sections.

Student Qualifies As Ohio Freshman

Bayard B. Flick, son of Mr. and Mrs. B. L. Flick, this city, was initiated into Sigma Pi fraternity of Ohio university at Athens, Saturday.

Flick is a freshman in the school of commerce and qualified for the initiation by passing all freshmen requirements. He secured a grade of 99 per cent in special examination in accounting.

He graduated from Salem High school 1929.

Man Gives Life To Save His Horse

KANSAS CITY, March 17.—Albert Davis, 72, a cripple, was burned to death here last night when he rushed into a burning barn to rescue his horse. His body was found within 15 feet of the animal. Two other men who attempted to reach the horse were overcome by smoke but were rescued.

AID OF SPIRITS, PLEA BY SQUAW BEFORE MURDER

Evidence Shows That Use

Played Part

(By The Associated Press)

BUFFALO, N. Y., March 17.—Authorities today had evidence from graves that the aid of spirits of departed Indian warriors had been invoked to aid in the slaying of Mrs. Henry Marchand, wife of a Buffalo artist.

An old squaw, who accompanied a searching party to the Indian burying ground at the Cattaraugus reservation, said Nancy Bowen brought the aid of the warrior spirits in her plot against the artist's wife, who was beaten to death with a hammer in her home two weeks ago. Nancy is a squaw who with Lila Jimerson, a younger woman of the reservation, now is in jail awaiting trial on a charge of first degree murder. The trial is scheduled to start Thursday.

In the graves of warriors, dead many years, were found food and whiskey for the journey the spirits would have to make to do the "white witch" to death; also offerings of Mrs. Marchand to guide them in the form of small dolls, of cloth, wood and paper.

One of these paper dolls had been taken from the page of a letter sent to Lila Jimerson. The handwriting was similar to that of Henri Marchand, husband of the victim, who now is in the Erie county jail held as a witness under bail of \$25,000. No effort has been made by the prisoner to obtain bail.

Anson Jimerson, father of the accused Lila, did the digging in defiance of Indian beliefs that those who tamper with the resting places of the dead soon will come to an untimely end. Jimerson yielded the space only in an effort to uncover one evidence which might aid in the defense of his daughter.

Passes School Bus, Sentence Suspended

LISBON, Mar. 17.—James Sutherland, of Franklin Square, was arrested for driving past a school bus when the latter was discharging passengers.

Sutherland was arrested at his home by Sheriff W. J. Barlow and Deputy George Harroff and taken before Probate Judge Lodge Riddle, where sentence was suspended for one year.

The court admonished Sutherland that motor vehicles are required to come to a full stop when a school bus is either leading or discharging passengers, regardless the direction in which the motor vehicle is proceeding.

CHICAGO BEER BARON ENDS TERM IN PRISON ON WEAPON CHARGE

Crowd of Curious Gather Around Prison Gates to
See "Scarface" Al Capone Emerge Free Man
After Year In Eastern Pen

PHILADELPHIA, March 17.—

"Scarface" Al Capone, widely publicized racketeer and gunman, was due to walk out of Eastern penitentiary here today, a free man, after having done a "stretch" of 10 months for carrying a "rod." The exact time when the big iron gate of the prison would swing open for "Al" was not known, that being dependent upon how soon Gov. John S. Fisher would sign his release papers. The governor returned to Harrisburg last night from a trip to the West Indies.

A large crowd of morbidly curious stood across from the forbidding walls of the prison for hours, waiting for Capone to come through the big iron gate. Automobiles were parked for two blocks along Fairmount ave., and a score of policemen camped in the vicinity to maintain order.

Newspaper machines were set up atop motor cars and were trained on the main gate. Dozens of reporters and photographers milled about among the crowd or sat in parked cars, waiting. Persons on their way to work stopped and joined the throng. In the crowd were school boys and girls, stenographers, teamsters, chauffeurs, a scattering of business men and quite a few tough looking customers.

When Capone failed to emerge at 12:01 a. m., the spectators' side were visibly disappointed. They waited until the wee hours of the morning. By 3 a. m., only a dozen or two remained, mostly newspapermen. By 8 o'clock the crowd had grown steadily. At 9 a. m. word came from inside that Capone would not emerge before noon but the crowd remained.

High up in a tower armed guards looked down into the interior of the prison. They paced to and fro ceaselessly. The night shift of guards came out at 8 a. m. The day guards went in through the gate. The hours went by slowly and still the crowd waited for the appearance of the beer baron.

At 10 a. m. Joseph Le Strange, assistant superintendent of police, came out of the prison. He said Capone was still inside and that his release papers had not yet been signed. He indicated that it would be late today before the papers arrived.

YANKEE BULL FIGHTER HURT DURING BATTLE

(By The Associated Press)

MADRID, March 15.—Tossed about by a black bull with wide sharp horns, Sydney Franklin, Brooklyn bull fighter, today was in a hospital, injured seriously.

In a second off guard, as he whirled his maddening red cape in front of the enraged beast's eyes, he turned his back on the animal, which impinged him and banded him about like a plaything for several minutes.

The bull which proved Franklin's nemesis was his first of the afternoon. He went out jauntily to face the big black beast, and danced capriciously in front of it with his red cape.

There was something in the temper of the bull which warned the spectators, and there were murmurs that the American had a tough animal to conquer. In the midst of the murmurs Franklin made a

whirling pass at the bull with his cape, and turning for an instant was caught on the brute's right horn.

The bull, triumphant and angered to frenzy, lifted the now limp form of the Yankee torero and tossed it about as a rubber ball. Finally Franklin rolled off and fell, writhing in the arena while others in the ring chased off the bull to keep it from gouging him again.

Franklin is the son of a Brooklyn policeman. He received his early education in the bull ring in Mexico City where his proficiency led him to go to Madrid where after an apprenticeship he made several public appearances and acquitted himself well. The spectacle of an American in the bull ring won him many Spanish admirers. He recently said he hoped to inaugurate bull fighting in the United States.

Optimism Prevails After
Conference; Denials
Also Present

(By The Associated Press)
LONDON, Mar. 17.—Some quarters close to the five power naval conference today expressed confidence that Andre Tardieu, French premier and Prime Minister Ramsay MacDonald in a four hour conversation yesterday found a ground for further consideration of the differences in their viewpoints and would proceed now to agreement.

The confidence and optimism were not shared elsewhere. Many felt that unless M. Tardieu made considerable concessions—and it was indicated he did not—the difference between France and Great Britain, and France and the United States are too essential for ready compromise. They could not see how other things being what they were, the gulf between the two viewpoints can be bridged.

M. Tardieu himself radiated optimism, but some observers mentioned in this connection that the French viewpoint all along has been this would be a highly successful conference if a ground work was laid for a future general disarmament conference at Geneva, and if agreement was attained on technical evaluation of fleets, and on harmonization of submarines.

The men, who gave their names as Rudolph Walch, Cleveland, and Max Klein, Youngstown, were declared to have joined two others in heckling Rev. Stephen Csepke, pastor of the church, when he asked them to leave after they insisted on speaking about Bolshevism.

ROADS CROWDED AS WEATHER WARMS UP

Plane Goes Into Spin At
Zanesville Airport;
Two Are Killed

A winter weary population, driven to the highways by the mid-summer weather of yesterday, today took stock of the toll of dead and found that four Ohioans had been killed or fatally hurt during week-end injuries totaled more than two score, according to a conservative estimate.

Two others were killed in an airplane crash at Wheeler field, near Zanesville, and 43 persons, who were passengers in a bus and traction car had narrow escapes when accidents overtook those vehicles.

Frank L. Scott, 24, who resides near Columbus, was killed when his automobile was struck by a traction car. The interurban, with its human cargo of 28 persons, was derailed and narrowly missed striking a telephone pole.

Child Is Killed

Mary Holoman, 3, was fatally hurt when she was run down on a Cleveland street, and Joseph Morgan, 32, was killed when his automobile plunged from a road near that city.

Stephen VanBuren, 31, manager of the Toledo Transcontinental airport at Lemoine, was burned to death after his machine caught fire when it collided with a truck near Milan, Mich., not far from the Ohio state line.

Those fatally hurt in the Zanesville airplane crash were Alfred Edwards, 33, garage owner and Burl Chaney, 35, an automobile mechanic. A third person witnessed the accident.

The lives of 25 other persons were endangered when a Greyhound bus skidded from the road into a ditch near Norwalk yesterday. All were badly shaken. The bus was enroute to Detroit and Chicago from Cleveland.

Youth Injured

BUYRUS, March 17.—Suffering from a fractured skull, which he sustained when he was struck by an automobile which was struck by a train, 15-year-old Marcus Warnock is in a local hospital today.

Warnock is said to have walked into the path of Munz' machine. Munz drove it into a telephone pole in a futile attempt to avoid the boy. The car was not seriously damaged.

MARION, March 17.—Dr. August Rhu, 81, prominent Marion physician, was seriously injured when the automobile in which he was a passenger crashed into a fence near here today.

The machine was driven by Dr. Herman Rhu and swerved from the highway in an attempt to avoid a truck. Dr. Herman Rhu was also injured but not seriously.

DR. HJALMAR SCHACT
The effect of personalities on international affairs is clearly exemplified in the relation of Dr. Hjalmar Schact to the Bank of International Settlements, the Young plan and the German business world. His most recent action in resigning as president of the Reichsbank after a stormy conference with President Paul von Hindenburg has not only thrown German business into a state of consternation, but delays the opening of the World Bank and entails a delay in the first flotation of the Young plan bonds on the world markets.

Dr. Schact has long been a thorn in the side of the French, who are convinced that he has done everything in his power to block the operation of the Young plan. In a speech at Munich last June he argued that Germany should accept it not because she could pay the annuities but because it offered her a breathing spell. He has assumed consistently an attitude of passive resistance.

The temperamental financier's critics have been as plentiful at home as abroad, allowing for differences in the bitterness of their observations. His resignation caused dismay in political quarters equal to that which prevailed in finance, coming as it did on the eve of the final division of the Reichstag on the Young plan, of which he was the principal signer. It is known that the German cabinet did everything in its power to stall off his resignation for a few days, but that is decidedly not the doctor's style. He acts as the whim takes him, says what he pleases and lets his friends, his enemies and the rest of the world go hang.

It is unfortunate that Germany's finances at such a crucial period could not have been entrusted to someone whose political capacities were equal to his financial ability. Germany appreciates Dr. Schact's estimable service as a staunch defender of its currency and even his bitterest enemies have never denied his financial skill but his temperamental notions as an officer of government have laid him open to a veritable flood of adverse criticism. Even his long fight against the inflow of foreign loans into Germany has brought down the wrath of his countrymen.

Cabinet members have admitted they expect the disgruntled Dr. Schact to unleash strong opposition to the Young plan; in fact, they anticipate he may even go so far as to attempt the formation of a new political party to fight the reparations settlement. From what is known of his character and the asperity which he displays in conflict it is certain he will be formidable.

Great crises call for particular types of men. The position of the United States in international affairs might be a great deal different today had Woodrow Wilson been as great a diplomat as he was an idealist. Every nation can look back upon its history and point out where the course of events would have been different had those in the lead been less perfect. Dr. Schact's lack of tact and his impetuous nature may qualify him for one of those positions in German history.

To identify hit-and-run drivers, a New York man has invented a device which, attached to a machine, will discard paper disks, each bearing the license number of the car and the name of its owner, whenever the machine hits another car or other object. The fly in the ointment is that hit-and-run drivers are liable to prove lukewarm about equipping their cars with the device.

And now Premier MacDonald says the problem is to unite people with

security in the bonds of political matrimony. These people in this age, Ramsey, either in political matrimony or the regulated kind.

What Others Say

THE STAGE CLEANS HOUSE

There is some to be seen in the complaint of a spokesman for the American theater that the people who last year were prone to loudly against the prevalence of objectionable plays are now quietly quiet this season, when there has been a marked improvement in the type of drama offered. But the silence of those who demand decency in the theater is not due to lack of interest. There are probably two good reasons for it. One is that when the situation is as it ought to be, it is felt that there is no need to talk about it. The other is that even if favorable comment is made, it is likely to receive less publicity, and therefore attract less notice, than a protest.

Nevertheless, the theatrical man's point is well taken. A better class of plays is being presented this season and it is right that attention should be called to the fact. A glance at some of the successes of the season in New York and on "the road," will show that there is no lack of entertainment of artistic value, with a minimum of objectionable features. Among others, for instance, there are: "Berkeley Square," "Bird in Hand," "Bitter Sweet," "Broken Dishes," "It Never Rains," "Journey's End," "June Moon," "Meteor," "Michael and Mary," "Ripples," "The Criminal Code," "The First Mrs. Fraser," "The New Moon," and the revived operas of Victor Herbert, "The Sign of the Cross" and "The Sign of the Cross." In addition, the Broadway players from England and the Chicago Civic Repertory company are offering Shakespeare to American audiences.

This improvement in plays is significant of American public taste in the theater. The people as a whole do not want uncleanliness on the stage, and in the long run will not tolerate it. As the theatrical representative already referred to puts it, "The people have put the theater out of a job." If all the managers will recognize the voice of the people in this respect, the progress of the drama in America will be hastened.—Christian Science Monitor.

The Stars Say

For Tuesday, March 18
The astral influences for this day make for a rather contradictory state of affairs. While business will be particularly lively and much substantial gain made through diligence and faithful effort, yet employment holds a menace of disappearance or loss of favor with superiors. Personal associations also have a sinister aspect.

Those whose birthday it is may expect a very lively year with much substantial progress, but they should be most circumspect in dealing with employers or those in authority. Protect private affairs from sinister and sordid contacts. A child born on this day should be versatile, shrewd and reliable, but nevertheless may have trouble in employment.

HAVE COLOR IN CHEEKS

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a larynx, no good feeling—you should try Olive Tablets.

Dr. Edwards Olive Tablets—a substitute for cod liver oil—prepared by Dr. Edwards after 20 years of study. Olive Tablets are a purely vegetable compound. Know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must get the cause.

Dr. Edwards Olive Tablets act on the liver and bowels like cod liver oil, yet have no dangerous after effects.

They start the bile and help overcome constipation. Take nightly and note the pleasing results. Millions of boxes yearly, 15c, 30c, 60c.

Highlights Of Ohio History

BY J. H. GALBRAITH

Ohio was quick to see the value of the Lincoln-Douglas debates for publication. While Lincoln, both personally and in a business way, was indifferent to it, William H. Herndon says that shortly after the election in which Lincoln was defeated for senator, Lincoln suggested to a publisher at Springfield that he publish them in book form, offering his copies of the speeches which he had, but the proposition was rejected on the ground that it would not pay.

In December, 1859, George M. Parsons of Columbus, then the chairman of the Ohio state Republican committee, wrote Lincoln, stating that his committee regarded the debates as so far as Lincoln had contributed to them as the best presentation of the doctrines of the Republican party, and wished to have them published for that reason.

Lincoln also received about the same time a letter making the suggestion from William Dennison, then governor-elect of Ohio. He replied to Chairman Parsons' letter graciously, complying with the request and forwarding at the same time copies of the speeches of Mr. Douglas and himself. In that letter he said: "It would be unwarranted liberty for me to change a word or letter in his (Douglas') and the changes I have made in mine."

When Atty. A. W. Taylor, of this city, member of the board of real estate appraisers for Salem, left for Columbus Wednesday morning he carried with him a letter strongly urging the legislature to pass a bill reducing the taxable rate limit to one per cent.

The monthly trolley convention of the Knights of Pythias of Columbus county was held Tuesday evening in East Liverpool.

Mr. and Mrs. D. G. Bailey, of this city, have received word that Grever Bragle, husband of Bailey's niece, was among those killed in Washington recently, when an avalanche buried a passenger train beneath its weight.

President W. H. Taft passed through Salem about 10:30 p. m. Tuesday on the Pennsylvania limited enroute to Chicago, where he will deliver an address on St. Patrick's Day.

For the last time members of the Methodist church gathered in the old church Tuesday evening. Bishop David H. Moore, of Cincinnati, was the speaker. Work on raising the building began today.

Pupils of the seventh grade in the Columbus st. school surprised George and Clarence Baillie with a party Tuesday evening at their home. The boys will leave Sunday for their new home in Gandukey.

A. Cameron went to Alliance Wednesday where he is overseeing the construction of the \$12,000 home which D. H. Cassidy is building on Union ave.

Mrs. Harry Bard, of Walnut st., went to Canton Tuesday to attend the birthday surprise party for her mother, Mrs. William White. The occasion marks the 90th birthday in Mrs. White's life.

Here's a way to be rid of constipation and its ill-effects—a way that works quickly, effectively, but a—day. A candy canister, at night—the next morning you're feeling fine. Breath is sweetened; tongue cleared; biliousness, headaches, dizziness, gas vanish. Repeat the treatment two or three nights to get the scouring waste out of your system. See how appetite and energy return; how digestion improves.

THREE INJURED IN GUN FIGHT AT CINCINNATI

Policeman Surprises Man Holding Up Store; Chase Follows

CINCINNATI, Mar. 17.—An alleged bandit is in a hospital here in a dying condition, his companion suffering from slight wounds and a patrolman is also nursing a bullet wound as the result of a running gun battle in the vicinity of Hyde park street here, which ended only when the alleged bandit car was wrecked. It started when a patrolman of serious squad unexpectedly walked into a holdup which was in progress in a suburban drug store.

Edward "Peggy" Warren, 33, was shot in the leg and back and a part of the charge of buckshot is believed to have entered a lung. Gordon Cassell, 32, alleged hit legger, was slightly wounded. Patrolman George Crutcher, 50, was shot in several places narrowly escaped from the flying bullets as the alleged bandits and police exchanged shots during the one-and-one-half mile chase.

WORKER HELD IN HOUSE BOMBINGS

Discharged Employee May Have Been User of Explosives; Threat Was Made, Man Claims

NILES, O., March 17.—A discharged steel worker was held by police today in an investigation of the bombing of two homes on Gilbert street early yesterday.

R. H. Mallory, occupant of one of the houses, said he had been threatened by Dominick Pozzi, 41, whom he had discharged from the Western Reserve works of the Republic Iron and Steel company about three months ago. A can of scrap iron which contained the dynamite in a home-made bomb was identified as a product of the plant and Pozzi was held on a charge of suspicion.

The blast occurred while the seven occupants of the two houses were asleep, but no one was injured. The back porch of Mallory's home was destroyed and windows were shattered in both houses.

6 ENTER PLEAS; ARE SENTENCED

All Criminal Cases Set On Docket Disposed of In Court

LISBON, MARCH 17.—Pleas of guilty were entered by defendants in all criminal cases that were assigned for trial in common pleas court No. 1 this morning.

Frank Hamilton, of Wellsville, father of two children, against whom two indictments were returned, charging him with assault and assault with intent to kill, entered a plea of guilty, and was sentenced to the Columbus penitentiary for from 10 to 15 years.

Rose Battallo, North Market st., Lisbon, living near the county jail who entered a plea of guilty to manufacturing distilled liquors and was sent to Marysville for one to five years, she is to pay a fine of \$500. A mortgage on the home she lived in is now being foreclosed. She is the mother of seven children and her husband is an Oklahoma. Her attorney told the court that she made liquor and traded it for groceries.

Dallas May entered a plea of guilty to an indictment charging him with the embezzlement of \$0. He was fined \$100 and costs.

Comer Dixon, colored, charged with burglary of an uninhabited dwelling, entered a plea of guilty, and goes to the Ohio state penitentiary for from one to 15 years.

SILVER BULLET READY FOR TEST

Giant British Race Car Will Be On Beach Sands For Trial Today, Don Announces

DAYTONA BEACH, Fla., March 17.—Kaye Don, British race car driver, today pronounced his giant 24 cylinder Silver Bullet machine ready for another series of test runs over the ocean speedway here preparatory to making an assault upon the world's speed record of 231 miles an hour.

During two preliminary trials Saturday, the machine developed an oil leak and trouble was experienced with the radiation system. A crew of mechanics was kept busy making repairs over the week end.

Low tide is at 3:45 p. m. but with favorable beach and weather conditions, Don expected to take the car onto the course at least an hour before that time.

WICKERSHAM TO GIVE FINDINGS

Crime Commission Head To Tell of Findings To Senate Committee

WASHINGTON, March 17.—A senate committee was given its first opportunity today to question Chairman Wickersham of the Hoover law enforcement commission on the findings of his group as they relate to prohibition.

With Attorney General Mitchell, he was called into an executive session of the judiciary committee which is considering the advisability of undertaking an extensive inquiry into the enforcement of the dry laws and conditions which may be attributed to them.

Today's session dealt with a resolution by the chairman of the committee, Senator Norris of Nebraska, proposing that such an investigation be begun, but the members of the committee were ready with the questions on many phases of the commission's study of the prohibition situation.

It was Wickersham's first appearance before a senate committee since the law enforcement commission was organized, although as a former attorney general he has testified many times before such groups. It was a witness recently before a committee of the house.

The Norris committee is divided on the question of undertaking the inquiry urged by its chairman, but there are indications that those opposing the investigation are in the majority. A vote was not expected at today's session.

The house judiciary committee will resume on Wednesday its hearings on measures proposing that the eighteenth amendment be repealed with the drys continuing their defense of prohibition.

A great funeral pillar, dating from the third century B. C., was found by workmen at Goleto, Italy.

SAILORS HURT DURING RIOTS

Manila Scene of 'Brawl'; Three Are Arrested; Cause Unknown

MANILA, March 17.—Five American sailors were nursing injuries today, the result of a riot with a crowd of Filipino civilians at Kitefield field here following a baseball game yesterday.

Timely intervention of B. K. West, an American police Captain, who heard the disturbance and ran armed from his home, subduing the rioters until police and the naval shore patrol arrived, was generally credited with saving the five men from being beaten to death or severely injured.

E. O. Mecklinburg, chief machinist mate of the U. S. Parrot, who received four fractured ribs and bruises of the face and body, was the most severely hurt. Three Filipinos were arrested.

Police described the riot as a "brawl" and "of no importance." And an effort was made to suppress the facts.

Responsibility for the fight was not clear, although some said it was inspired by Communists.

Others credited the disturbance to gangsters seeking to retaliate for recent anti-Filipino riots in California.

BURGLAR SOUGHT IN MURDER CASE

Posses Search Michigan Swamps for Slayer of Police Official

HONOR, MICH., March 17.—One of the largest manhunts in the history of northwestern Michigan was centered about the swamps of the Platte lake district today as posses attempted to close in on the burglar who shot and killed Under Sheriff Ed Raley of Beulah, early Sunday.

State police and Benzie county officers, augmented by volunteers, took up the search soon after the officer was slain at a summer cottage at Platte lake. The fugitive is believed to be a man paroled two years ago from the Michigan branch prison at Marquette, where he had been serving a term for burglary.

Under Sheriff Raley, Sheriff James Crawford and five others surrounded the cottage at the lake late Saturday night after having trailed the burglar to the place. Raley stepped onto the porch of the cottage a shot was fired, killing him instantly.

Grace Battles For Great Steel Merger

YOUNGSTOWN, March 17.—The battle for control of Youngstown Sheet & Tube Co., will center here this week with Cyrus S. Eaton of Cleveland fighting to line up stockholders against the proposed sale of Sheet and Tube to Bethlehem Steel corporation, and Eugene Grace, Bethlehem president, attempting to convince them that the merger will not harm Youngstown interests.

Grace is expected to arrive here early in the week, to confer with and address both stockholders and civic organizations. He is expected to make important announcements concerning the extent of the headquarters, office personnel and executive forces to be allotted to Youngstown should the merger go through.

POLICE PRAISE FOR MURDERER

Paid Black Hand Money For Years, Shoots, Kills Collector

CHICAGO, March 17.—In little while, that hovers onto the west side of the black hand of mob prey of Daniel Fidenzi for 10 years. They looted his home and from his fear paid their tributes—\$10 many times \$500 once.

Daniel didn't have much money; he was 61 years old and had five children; oftentimes all of the money he could raise went to the black hand.

Then the extortionists' greed grew; they demanded \$2,000 or another bomb. Saturday night, however, Dominick Melfi, one of the alleged black handers, was found slain.

"My father did it," John Fidenzi, Daniel's son, told the police. "For 10 years, our family has been paying money to the black hand. Melfi made an appointment to meet my father Saturday night. Father was to pay over \$500. Instead, he fired three bullets into Melfi's head."

A charge of murder awaited Fidenzi the slier at Melfi's inquest today. But first, there was praise—police praise from Lieut. John Norton.

"These extortionists are all rats," Norton said. "It's too bad more of the people they prey upon haven't got the backbone to do what this old man did."

GANGLAND

ada, recently after the discovery of two machine guns, trained on his apartment from a building across the street.

Rito's death was seen by police as another episode in the battle between Moran and Capone for near north side liquor trade.

In the prayerbook, with Rito's initials in gold, a passage was marked: "One of you is about to betray me." From this, police believe Rito had been a traitor to his gang.

Continuing their regular roundup, police arrested 800 in the over-Sunday activities. Of these, 150 possessed criminal records and eight were carrying revolvers.

Question Father

COLUMBUS, March 17.—Officials today continued questioning John Francisco, 49, charged with the first degree murder of his 19-year-old daughter, Mrs. Evelyn Edgington, whose battered body was found in her apartment here, Feb. 25.—The father who was unable to tell officers where he was from February 21 to February 27, but denied he killed his daughter, a bride of a year and a half.

DE RIVERIA

(Continued From Page 1.)

died a few days ago at Pamplona, Spain, in defense of his father's reputation, and Miguel called the family physician, who said death had been due to embolism (a blood clot) probably occurring as a result of the diabetes from which the former dictator had long suffered.

Not far away in the Cafe De Paris his arch political enemy, the Duke of Alba, now minister of state in the cabinet of General Damazo Berenguer, Primo's successor, sat at lunch and wondered when a nearby table which had been reserved for General Primo De Rivera, would be occupied.

Duke Pays Respects

Told that Primo was dead, the duke was one of the first to call at the hotel to pay his respects to the man he had vigorously opposed in life.

Death came to General Primo De Rivera on the eve of his departure for Wiesbaden, Germany, where he was to take the cure.

General Primo De Rivera was a devout Catholic. In accordance with an old Spanish custom his body was robed in the garments of the order for which he had expressed preference, in the case of the monks of Carmel. He wore sandals, no hose. His hands grasped a rosary.

Primo probably will take place in the family vault at the cemetery of San Isidro at Madrid, Wednesday. Don Miguel not long prior to his death asked to be buried near his wife, who was interred there.

General Primo De Rivera came to Paris shortly after he resigned his dictatorship last January 28. He arrived here alone and unheralded, carrying his own suitcase from the train at the railway station.

"Each cough hurt ME more than it hurt Johnny"

"My elder sister's boy was staying with us for the Christmas vacation. So when he caught a cough I felt doubly anxious. I just had to make him well again. I immediately gave him some Smith Brothers' Cough Syrup, which I myself used before. It worked as well with Johnny as it did with me—better! And Johnny actually liked the syrup—he said 'It's like candy.' He lost his cold completely in a couple of days."

When you Gargle

Gargling even once can ease that sore throat, if the gargle is a quartet of water in which you have dissolved two tablets of Bayer Aspirin. It's what you gargle that counts. Doctors are always advising this sensible and effective treatment. They know it is restful. And many women whose sensitive throats once gave them much trouble every Winter now find quick relief in gargling Bayer Aspirin. Repeat the treatment for dissipated inflammation like tonsillitis. Bayer is the one thing that reduces the infection.

You'll find many other uses for this universal antidote for pain; nothing relieves a headache quicker; or pains from neuralgia, neuritis, lumbago, and the like. Bayer is the genuine. Aspirin is the trade mark of Bayer manufacturing of monoacetic acid ester of salicylic acid.

Seven Passengers Injured In Wreck

MEMPHIS, TENN., March 17.—Seven persons were injured early today in the derailment near Batesville, Miss., of one of the 14 coaches of Illinois Central passenger train No. 1, southbound from Memphis to New Orleans.

Three of the injured were Memphis mail clerks and two were Negro passengers. None was hurt seriously, according to Dr. G. H. Woods, of Batesville.

An early report that a trainman was missing proved to be unfounded.

The southbound Panama limited, Chicago to New Orleans train, was ordered to pick up the undamaged cars and passengers of the wrecked train and return here for rerouting over the Yazoo and Mississippi Valley railroad.

TOLEDO, O., March 17.—John W. Scott, 19, was drowned in the Ottawa river when his canoe capsized. His companion, William Baker, 20, swam to safety.

THREE TO FACE MURDER CHARGE

Confessed Bank Robbers In Custody of Kansas Police Officials

JOHNSON, KANS., March 17.—Facing the possibility of the noose in Colorado, or life imprisonment in Kansas, three confessed bank robbers, Kansas bank robbers also accused of the slaying of Deputy Sheriff Charles Hickman, of Eads, Colo., today were held in jail here, awaiting a decision of officers as to what state would be granted custody.

The men, Jim Walker, 21, of Hoplin, Mo., Andrew J. Hallday, 22, and Clyde Rhea, 24, both of Webb City, Mo., were captured by a posse Saturday afternoon near Jetmore, Kans. The capture ended one of the most pretentious man-hunts ever to take place in the rugged Arroyo county along the Colorado-Kansas border.

Although admitting the \$4,000 bank robbery which occurred Friday, all of the prisoners denied any connection with the killing of Deputy Sheriff Hickman, and the slaying of three other men. Each of the trio admitted having served prison sentences and committing other bank robberies.

Bomb Explodes In Michigan Theater

MUSKEGON, MICH., March 17.—A bomb placed on the stage of the Regent theater exploded today, causing damage estimated at \$30,000.

No one was in the building. Most of the damage was confined to the rear of the building, although a floral shop in the same building suffered minor damage.

COLUMBIANA

Another large audience attended the second program and entertainment of the Columbiana schools Friday evening and enjoyed an operetta in two acts presented by the pupils of the seventh and eighth grades, taught by the Misses Willa Carpenter and Belva Switzer and Mrs. Mary Mowen.

The operetta, "Bills O' Blarney," was a very tuneful one. Principal parts were taken by Christine Baughman, Francis Reinehr, Clyde Getz, Jane Slagle, Betty Burkin, Kathryn Walker and Jean Weaver. The music was in charge of Miss Gertrude Roe, school musical supervisor and Miss Ruth McCord was accompanist.

The first part of the entertainment, "Mother Goose's Children," was given by first grade pupils taught by Miss Nellie Koch. The

Today's Pattern

SLENDER lines are achieved in the styling of this lovely afternoon frock through the long scalloped collar and diagonal bodice closing. The wide girle holds the hips snugly in place and fastens at the side with scalloped finish. The skirt is gracefully flared in smart manner.

Pattern 1796 is charming fashion of printed flat crepe. A dark ground with tiny colorful designs should be chosen, particularly by women of larger proportions, in order not to accentuate the figure.

Navy, black or dark green would be lovely trimmed with flesh, pink or beige flat crepe collar and cuffs.

Designed only for sizes 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38, 40, 42, 44 and 46. Size 36 requires 3½ yards of 40 inch fabric and ¾ yard trimming.

No dressmaking experience is necessary to make this model with our pattern. Yardage for every size, and simple, exact instructions are given.

COUPON

This pattern will be delivered upon receipt of 15c, coin or stamps, carefully wrapped. Latest fashions, 1936. Send all orders to SALEM NEWS PATTERN DEPARTMENT, 243 WEST 17TH STREET, NEW YORK CITY.

HOMELESS MAN SETS OFF GAS

Match of Bed Seeker Is Cause of Explosion; Several Hurt

CLEVELAND, Mar. 17.—A homeless man seeking a place to sleep in a match in a gas filled apartment house basement, last night, causing an explosion which injured 10 persons, wrecked the building, damaged an adjoining one, and shattered windows over a half-mile area.

Firemen dug Jack Maloney, 35, out of the debris of the demolished building 20 minutes after the blast. He said he struck a match while looking about for a night's free lodging and was blown across the room, suffering serious cuts and bruises.

M. E. Johny, 44, and three other passersby whose names were not learned were cut by flying glass. The rest of the injured were occupants of a rooming house in front of the wrecked apartment house, which was empty.

Investigators said the house had been stripped of plumbing and a cap on a service pipe probably insecurely replaced.

Freking as a tornado, the force of the explosion skipped whole blocks in the vicinity to break windows in every house of other blocks.

Stomach Trouble? "Not Now" Says This Happy Lady

"I had indigestion from too much acid so bad that everytime I ate I had such pains in my stomach that they were almost unbearable," says Mrs. Nellie Crouse, 1805 Quincy St., Kansas City, Mo. "But now, it is another story, thanks to Acidine. I take it after every meal and I can eat, sleep and enjoy life again."

Like a million other people, Mrs. Crouse has learned to depend on Acidine to keep her stomach sweet and fit. Sour stomach, gassy belching, food breath and indigestion usually come from too much acid, which is caused by sour and fermenting foods. Acidine liquefies this sour mass and sweetens the stomach. You can get Acidine at any drug store or write Health Laboratories, Inc., Pittsburgh, Pa. Adv.

Washingtonville Lutherans Rededicate Church Property

The Trinity Evangelical Lutheran church at Washingtonville was rededicated Sunday evening, with the dedicatory sermon being delivered by the Rev. Joseph Stiller, D. D., of Columbus, president of the Lutheran Synod of Ohio.

This church, one of the oldest in the northern part of Columbiana county was recently remodeled at considerable cost, and its re-opening was an event of interest in Salem township.

History of this church shows the congregation to be 128 years old, for it was in 1812 when the Lutherans and Reformed Lutherans united to erect a church building.

Matthews, Stewart, of Maryland settled in Section 34 Salem township, in 1811, and shortly afterwards a number of others joined with him in the organizing of a congregation.

Daniel Berger and his father Nicholas Berger, however, had settled in the township in 1807 and when the congregation was formed in 1812 it was Nicholas Berger who donated land upon which a log building was erected for church purposes.

Sufficient land was granted the new church organization for cemetery purposes. The first person to be buried there was Mrs. Lizzie Rummell, a daughter of Nicholas Berger. This little log cabin church was used for worship steadily for 39 years, when a larger church was erected.

First members of the church were Henry Halverstadt and wife The Halverstadt family of today are descendants of the early settlers in Salem township. Others were Abraham Arter, Jacob Schweitzer and family; Frederick Whelan and Mrs. Andrew Brinker.

The Rev. John W. Stough was the first pastor to serve the little congregation, and he was succeeded by the Rev. Jacob Shaler and the Rev. John W. Hoffman.

Although the Lutherans and Reformed Lutherans united in forming the first congregation, dissatisfaction arose from within the small group, and there was a "split" in the church. This was in 1840, and when the factional differences did come to a head, the Lutherans retained title to the original grant of land.

The Reformed Lutheran branch then formed a congregation in 1840 and were first served by the Rev. Peter Monosmith. A frame church building was erected by the new congregation on land north of the brick church, and at a cost of \$1,500.

It was also the Rev. Stough who in 1872 presided at a meeting in the Ridge school house, held for the purpose of discussing the forming of a new congregation at Leetonia, and the Synod of Ohio was then petitioned for a charter for the St. Paul's Evangelical church. This petition was granted by the Synod, and the new Leetonia congregation organized a little later with 14 members.

Officers of the Washingtonville Lutheran church are: Ivan W. Davis, president of the congregation; Charles A. Stouffer, secretary; Lynn J. Davis, treasurer; Frank J. Bilger, Walter Berg, Roy Mathey and Ralph Warner.

The congregation is served by the Rev. George D. Keister, who is also pastor of the Lutheran church at Salem.

Salem Junior High-Freshman Team Wins District Cage Title

THE DAY In Sports

PLAN LEAGUE BANQUET
MUSHBALL STARTS SOON

WHETHER THE FIRST annual city league basketball banquet will be held this year will be decided this week when managers of league teams in Salem are approached by Joe M. Kelley on the matter. Kelley has already communicated with received favorable response but action must be obtained from the entire cage circuit before success of the banquet will be insured.

Honus Wagner, famous for his prowess as batsmen in the National League years ago, will be the principal speaker at the affair. Wagner led the National league for five years, four in succession, from 1905 to 1911 and is rated as one of the game's most colorful figures.

THE OLD TIME STAR is now in the sporting goods business in Pittsburgh. His appearance here should prove an attraction to more than 100 sporting fans but to-date not a great deal of interest has been shown in the banquet. It is planned to have all league players, managers and the league arbitration board together with a group of fans present at the gathering. All managers are requested to communicate with Kelley concerning the affair in advance.

Muchball activities are scheduled to get under way in Salem within the next month and a meeting of all persons interested in the organization of a league will be held at the Memorial building room. A regulation baseball league is also planned for the season.

DID YOU KNOW THAT Johnnie Martin, formerly with the St. Louis Cardinals, has been able to observe his birthday on only six occasions? He was born in Temple, Okla., on Feb. 29, 1904, one of the few major league players with birthdays on that date.

March "hires" observing birthdays in southern training camps within the past few days follow:

TODAY CHARLIE ROOT, famous Chicago Cub pitcher, is observing his 31st birthday. He is a native Oklaean, being born in Middletown in 1899. Lloyd James Warner, "Little Poison" of the Pittsburgh Pirates, was 24 years old Sunday. He was born in Harrah, Okla., in 1906. John H. Rothrock of the Boston Red Sox, was 25, Saturday. His teammate, Charles Solomon Myers, observed passing of his 26th milestone yesterday.

French Cars Test Sahara For Travel

PARIS, March 17.—French automobiles challenge the supremacy of camels, original "ships of the desert," on the Sahara wastes. Four stock cars completed a 9,600 mile journey over the sands from Algiers to Dakar and return in 32 days.

The feat was attempted to demonstrate the practicability of crossing the Sahara with ordinary automobiles, to study possibilities of regular motor travel between French north African and equatorial African colonies, and to investigate the terrain for airplane landing fields.

Exhausted and Sick; Koniola Gives Relief

Cleveland Lady Ill And Run Down For Years, Tells What New Medicine Did For Her.

MRS. MARIE ERNEST

"I had the 'flu' three times and this left me in a frightfully run down and nervous state," said Mrs. Marie Ernest, 2939, West Fifth street, Cleveland. This affected my digestion and there were few foods which my stomach would digest at all. I was completely exhausted all the time and my daily duties were a drudgery that was often too much for me.

"A neighbor urged me to try Koniola because of the wonderful good it had done her. I soon found that this great medicine was not an experiment, but an assured success. In just three weeks I felt like a different person. Koniola quieted my nerves, relieved my stomach weakness, gave me an excellent appetite and built up my entire system until I am in better health today than I have been in years. I can never say enough in praise of this master-medicine."

Koniola is sold in Salem at all J. H. Lease drug stores, and by all the best druggists in all towns throughout this entire section. Adv.

Scholastics Take Four Straight Decisions In Canton Court Tourney

An aggregation of youthful cage athletes who display great promise for participation in varsity basketball at Salem High school in future years, carried the Red and Black of their school to district championship honors for the second consecutive year at Canton Lehman gym Saturday.

The Salem Junior High-Freshmen team waded through the sectional competition with apparent ease, being pressed to win in only one encounter, and merited decisions in four straight games to annex the title.

The Red and Black combine asserted its superiority over other court squads from the start of the competition, defeating Lehman Junior High, 1927 winner, by a 26-12 score in the first round then proceeded to master the strong Minerva quintet, 15-12, in the second round.

Waynesburg, victorious over Carrollton by a 15-14 score in its second round contest, met the Red and Black scholastic in the semi-final game and were outclassed

Saxons Defeat Cleveland For Tenth Victory

Salem Team Ends Season With 29-16 Win Over 1929 Champions

TITLE AWARDED TO QUAKER CITY TEAM

Large \$300 Cup Now In Salem's Possession for Second Year

Salem Saxons won their tenth Penn-Ohio German league victory in 11 contests, dedicating the 1929-30 championship Cleveland East combine, 29-16 in a furiously fought encounter at Cleveland East High gym Saturday night.

The game marked the close of the league scheduled for the 1929-30 season in which the Quaker City delegation annexed the championship honors for the second season in three years. The giant, \$300 cup, significant of the league championship, now is awarded to Salem for a year.

If Salem wins the title one more year, the cup will be awarded to the locals for permanent possession. The former champions held Salem to a close game for the greater part of the contest but the latter team's superiority asserted itself in the final when it scored 12 points to East's two. Salem held a 6-2 lead at the close of the first period but the score at 12—all at the half.

East rallied in the second to tie the score, edged ahead to a 17-14 edge in the third period and slipped ahead to an easy victory in the final session.

Frequent fouling on part of both teams marred the drama, three Saxons and two Cleveland players being ejected on personal fouls. Hauer, Salem reserve guard, was ordered out of the building by Referee Winters for disputing a decision too violently. A total of 28 personal and five technical fouls were called during the battle.

FLEET FEET OF THE BIG TEN TRACK

Taking the sticks in the 70-yard high hurdles at the Big Ten meet at Minneapolis are (below, left to right) Ziezer, Wisconsin; Sentman, Illinois; Petersburg, Ohio; Saling, Iowa; Hayden, Chicago; Halfield, Indiana. Sentman won the race in .085, setting a new world's indoor record. Simpson of Ohio State is shown (above) winning the 60-yard dash at the meet, in 6.2 seconds, equaling the world's record. The runners are: (left to right) Ford, Northwestern, third; East, Chicago, fourth; Tolon, Michigan, second, and Simpson.

Boxing Buzzes With End Of Indoor Season In Sight

NEW YORK, March 17.—Two champions and several who would like to be, should provide boxing fans with plenty of high class action this week.

The champions are Bat Battalino of Hartford, Conn., and Mickey Walker. Those who would like to be champions include Kid Chocolate, Cuban featherweight, and Primo Carnera of Italy and Tommy Loughran of Philadelphia, each of whom has at least one eye on the vacant heavyweight throne.

Battalino meets Bud Taylor, in a 16-round bout at Detroit Thursday night, but the Hartford lad is leaving his featherweight championship back home in cold storage.

Nor will Walker's middleweight title be at stake when he tangles with Jimmy Mahoney of Chicago in a 15-rounder at Chicago tonight.

Carnera, who has knocked out his first nine American opponents in anywhere from one to six rounds, meets the old trial horse from Indianapolis, Chuck Wiggins, at St. Louis tonight. Loughran, at the same time, will be seeking to find that very elusive quality, punching power, in a ten-rounder, at Philadelphia, with Jack Renault.

Chocolate comes back to New York after a long vacation in Havana to meet Al Ridgeway, heavy punching New Jersey boxer, in the 10-round feature bout at Madison Square Garden's regular Friday night show. Black Bull of Cuba and Midgit Wolgast of New York, finalists in the recent flyweight tournament here, meet in the 15-round semi-final.

Sharon Wins Title
GROVE CITY, PA., March 17.—Sharon High cagers won the North-western cage honors in the Class "A" division for the fourth consecutive year here, defeating the Erie East outfit 29-21 in the final Saturday night.

Sharon will meet the W. P. I. A. L. and the survivor enters the state championship tourney.

DAMASCUS — Modernly clad women are not permitted to cross the Sog Hamide, largest shopping center of the city, during the 30 days fast of Ramadan, by police order. The ban runs against short skirts, short sleeves and low necks and is lifted only for wearers of the traditional Moslem black robes.

United Cigars To Enter Tournament

Scott Chapman's United Cigars team, one of the city's strongest Class A teams, will compete in the first annual inter-state basketball tournament at Canton's city auditorium Friday and Saturday night.

One of the greatest array of collegiate and independent cage stars ever gathered together before Canton fans is expected to compete in the affair.

McKinley, Stivers Only Ohio Scholastics To Return For State Tourney At Columbus

As a result of an almost complete turnover from the personnel of 1929 winners, only Canton McKinley and Dalton Stivers earned their way into competition in the state basketball tournament, scheduled at Columbus this Friday and Saturday.

Zanesville, Chillicothe, Findlay, Fremont, Akron East and Columbus North, together with Canton and Stivers will compete for Class A titular honors.

Stivers, the defending champion, and Canton McKinley, will be the only teams of the eight who came here again this year. Stivers, seeking its third straight title, defeated Cincinnati Withrow in the finals of the southwest district 26 to 13. McKinley and Akron East will represent the northeast, having defeated Akron North and Cleveland Heights respectively Saturday.

Findlay and Fremont took the places vacated by Bowling Green and Lima St. Rose, who were eliminated early in the northwest. Zanesville eliminated Dover runner-up for the state title last year, by 37 to 22 in the eastern district while Chillicothe succeeded Portsmouth as the southeast's representative by defeating Ironton tonight 22 to 20.

Teams representing Carrollton, Rawson, Brush, Fitch high school of Youngstown, St. Mary's of Lancaster, Junior Home of Tiffin, Jefferson township and Rome of Law-

rence county will meet here next week to decide the Class B championship.

Indiana Men Claim
Crow Killing Title

REDFORD, IND., March 1. — Having shot 254 crows in five hours of hunting, four local men recently claimed the world's crow killing championship.

The four mighty Hoosier nimrods were: George I. Radden, Lester Wilkin, Pink Shroet and George Shroet.

The men brought the dead crows back home with them and strung them upon a long fence as proof of their prowess.

Their story was that they drove from Bedford to Mitchell, near here where they had heard a big flock of crows had congregated. They found the flock and opened up a bombardment that kept up for five hours. Then they spent another hour collecting the dead crows.

According to Radden, the crow is one of the worst enemies of quails, rabbits and chickens.

BERLIN—Fourteen persons are reported missing daily in Berlin but in 99 cases out of a hundred they are found. Out of 3,912 reported to police in nine months, only 199 cases remained mysteries. Ten percent of the disappearances followed domestic tiffs.

Aliments Which Defied Many
Treatments Yield To Owa-Ton-Na

Swollen Limbs and Bladder Disorders Were a Constant Source of Worry

How effective Owa-Ton-Na is has been demonstrated in thousands of cases. Take for instance the case of Mrs. E. Kissenberger, 806 Tux, East Canton, Ohio. She says: "My kidneys have been giving me a great deal of trouble. Kidney disorders I know are serious but I had tried so many things that nothing seemed to do much good. My back was always lame and felt as though someone had been beating me. Bladder irritation caused me no end of misery and most nights I found it necessary to get up three or four times to relieve this condition."

"So many people recommended Owa-Ton-Na that I finally decided to see whether it really was as good as people said. Now I am as good as healthy about it as anyone who has ever talked to me. I did not have any possible for one medicine to make me recover so quickly. The swelling in my limbs has all disappeared, my kidneys are acting fine. Bladder trouble has been corrected now I can go to bed and sleep the whole night through without having any sleep disturbed."

"What a relief it is to get rid of those terrible backaches. My appetite improved and I don't suffer any indigestion after eating. Headaches, dizzy spells and nervousness are all a thing of the past and my bladder function regularly, sound."

MRS. E. KISSENBERGER

thing which they hadn't done for years. Is it any wonder that I am so enthusiastic about Owa-Ton-Na when it has done me so much good. To recommend Owa-Ton-Na is a pleasure and I know that it is a reliable remedy."

Owa-Ton-Na is sold in Salem at Fleming's, Bolger & French and J. L. Lease Drug Stores.

MOVIES

"SHERLOCK HOLMES"
At The Grand
Sherlock Holmes, the world renowned detective, waited until his 42nd birthday to make his first appearance in the all-talking motion picture. In 1887 Sir A. Conan Doyle presented him in his first story "A Study in Scarlet." Many other popular tales followed.
Now this popular detective character can be seen and heard at the Grand theater in "The Return of Sherlock Holmes." Clive Brook is cast in the role of the super man-hunter and you will meet most of the characters from the books, such as Sergeant Gipper, Dr. Watson, Moriarty and Solly Cheesecake.
The reason for "The Return of Sherlock Holmes" was the untimely murder of Capt. Longmore, on the eve of his son's wedding to the daughter of Dr. Watson. Holmes took up the trail which led him into the most thrilling adventure of his entire career—aboard a trans-Atlantic liner, then to New York.
In New York, Holmes found the murderers of Capt. Longmore were members of an international radio-tapping ring, of which Longmore was a member. He succeeded in bringing them to justice and seeing the happy wedding of the young people.

"THIS IS HEAVEN"
At The State
Vilma Banky's voice is heard for the first time on the speaking screen in "This Is Heaven," her starring picture which comes to the State theater tonight.
She is one of the few foreign born picture stars to be able to keep her place in the screen firmament in this day of talking pictures. Stage training in Vienna before she came to this country and a naturally beautiful speaking voice combine to make her dialogue performances more than satisfactory.
Most of the cast supporting Miss Banky in "This Is Heaven" have had stage experience. James Hall, leading man, is a product of the New York stage, and Fritz Ridgeway, with the most important character role of the picture, is a veteran of vaudeville and stock.

Salem Group Plans To Attend Meeting

Several members from Salem are planning to attend an open meeting of Veterans of Foreign Wars and auxiliary of be held at 6 p. m. Thursday at the Y. M. C. A. in East Liverpool.

Thousands Gather In Prayer Service

NEW YORK, March 17.—Thousands of persons, all religious faiths gathered in cathedrals, churches, synagogues and meeting halls yesterday to pray for the end of religious persecution attacks on religion by the Soviet government, while 12,000 Reds held a counter demonstration in Bronx coliseum.
At the counter demonstration of the Communists, William Z. Foster and other speakers derided Christianity and attacked the pope, Mussolini, capitalism and Police Commissioner Grover A. Whalen. A force of 450 police was on hand to prevent an attempt to hold a parade.
